

**Chapter 95: Forbidden Spell**

2

Something's  
happening...

No idea...

Wh-what in  
the world  
was that  
explosion  
just now?

This  
transformation  
of the winged  
knights...

*And what exactly is that pillar of light...!!?*

*Those fools...  
they could've  
remained  
Kings Forever  
had they not  
betrayed me,  
yet...*

The  
voice is  
coming  
from  
inside  
it.

What  
the...

*If you  
people  
are  
the  
King must here...  
have been  
defeated,  
hm?*

*Well,  
now that  
things  
have come  
to this, it  
doesn't  
really  
matter  
anymore,  
does it...?*

Fu  
Fu  
Fu

*Perhaps  
that was  
why...*

*Were they  
deceiving  
me from  
the very  
beginning...?*

It... this  
voice...

it can't  
be...

*I'd  
always  
sensed  
something  
suspicious  
from the  
Kings'  
presence...*

Actual-  
ly...

Hello,  
can you  
see?

Inside the  
light...

Over  
there...

What happened to that body...?

Surviving like that...

Cherami...!

The damage I accumulated at that point was immense...

If just a bit more magic remained in the Hero Killer, I probably wouldn't have been able to survive for much longer.

Fufufu... I made it in the nick of time...

I'd expect nothing less from the Four Heavenly Kings...

Nor from the hero Helck...

It's your victory...

Well played.

I had no intention of taking you lightly back then, yet...

The Kings have been defeated, and my plans foiled.

*Tell us!  
Mikaros!*

*What in  
the world  
are you  
plotting  
!!P*

*What did  
you do to  
everyone!P*

I doubt you're  
prepared for the  
countermeasures  
I put in place

Still,  
it's too  
bad.

Well,

The  
things I  
did when  
the Kings  
were  
defeated...

should  
the winged  
knights  
under my  
command  
disappear...

A powerful  
warrior  
attacked  
you earlier,  
right?P

*the Final  
measure the  
Human  
Kingdoms  
took when  
they were  
finally  
cornered.*

*From the  
Warring Era  
between the  
Old Empire  
and the 10  
Human  
Kingdoms,*

*The  
ultimate  
summoning  
spell.*

*A forbidden  
spell to  
bring ruin  
to the  
world.*

*Impossible!*

*But this  
time, it's  
different!*

*Because  
of that,*

*It was  
stopped by  
Azudora and  
his men!*

*This spell  
enhances the  
strength of  
the warriors  
summoned by  
its user using  
sacrifices!*

*Back then,  
those two  
components for  
the spell were  
insufficient!*

*It was still  
incomplete!*

The  
Forbidden  
spell to  
bring ruin  
to this  
world

will be  
invoked utterly  
flawlessly  
using my  
magical power  
and their  
sacrifice!!

I'm the  
user  
now!

And the  
sacrifices  
are "the  
human  
lives that  
transformed  
into winged  
knights"!

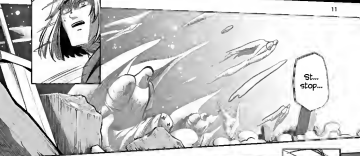

Th-then,  
this  
transform-  
ation of  
the winged  
knights...

"Human  
life"...  
"Sacrifice"...

**That's  
right...**

**It's death.**

St...  
stop...

Stop!

Could it be  
that you still  
think you can  
save them?

Fufufu...  
How odd  
to hear  
that  
coming  
from  
you.

*The  
Kings are  
already  
gone!*

**Stop  
this,  
Mikaros!**

It's  
futile!

Even if you  
defeat me  
now, the  
invoked spell  
will continue  
until it runs  
its course.

*It will keep  
absorbing the  
winged knights  
to summon  
the Warriors  
of Ruin.*

*The winged  
knights can  
no longer be  
resurrected!*

In other words, people of the Empire, fight with all your strength to overcome this crisis.

So please do try your best.

Certainly. My goal is to see to the birth of the New World at any cost.

Do you plan to destroy the entire world itself!?

But you were in contact with the Will of the World!

You realize that, don't you!?

I wonder how many sacrifices you people of the Empire are willing to offer to attain absolute victory...

I have no doubt.

Fufu fu...

Whoa...

Your enemies will no longer be reborn. Their numbers will shrink if you defeat them.

13

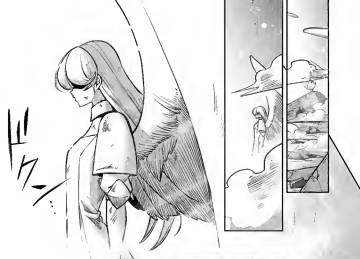

There should be others now who are heeding the Will of the World, waiting for an opportunity to strike down the Empire.

I entrust my will to them.

You must realize I'm not the only Contacted, right?

This guy...
